

HIRING EARLY INTERVENTIONIST

<https://learningconnectionsunlimited.com>

- Work one-on-one with children experiencing challenges meeting developmental milestones and/or diagnosed with autism to enrich their lives by providing exceptional therapy services and support
- Implement evidence-based behavior treatment plans, teaching social, communication, and life skills
- We assist families in helping children reach developmental milestones by building on the strengths of the family and child through home visits and individualized family training
- Assist the family of an eligible child in understanding the special needs of the child and enhancing the child's development
- Plan and implement developmentally appropriate activities in the child's natural environments with the child and caregiver and facilitate learning about the child's development within the family
- We utilize a coaching interaction style.

Work within the child's natural development.

Contracted through Child's Developmental Service Agency,
Meck & Concord CDSA
